Journey — a trip from one place to another. For some, the journey is over, and it is time for them to move on. For others, the journey continues. But for a short time, our paths have overlapped. Within these pages, the 1977 Origin Staff has tried to capture a few moments of this journey. Together our paths have branched into many different forks — from sports to classes, from personalities to organizations — all different but all leading to one common endpoint. With much pride and careful preparation, we present the 1977 Origin, which we hope successfully captures this part of your journey through Skyline.

Dear Sandra
It was so nice to see you and have a chat. I'm sorry to have missed you but I hope you had a lovely Christmas and New Year. Keep in touch and let me know what you're doing and how you're getting on.

JOURNEYS

1977 Dedicatee Judy Yarbro

We all have someone who gives direction to our journeys, whatever they may be. For many at Skyline, that someone is Judy Yarbro. As a devoted teacher, sponsor of the Student Senate, and a valued friend, she helps everyone fulfill their special journey in life. Because of this, we, the 1977 Origin Staff dedicate our work to Mrs. Judy Yarbro.

HAPPY

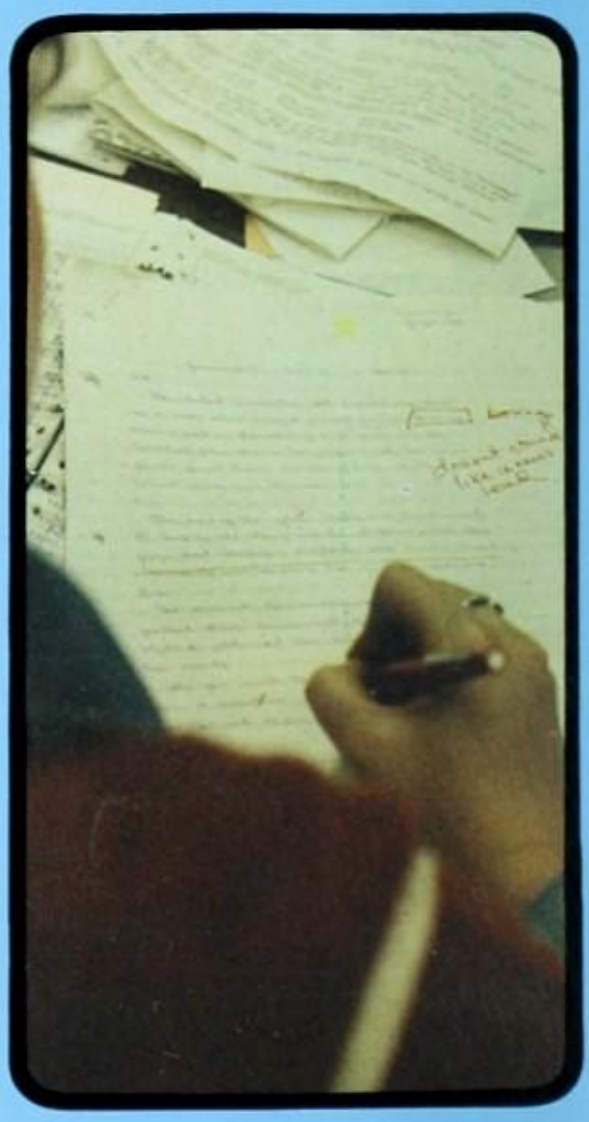
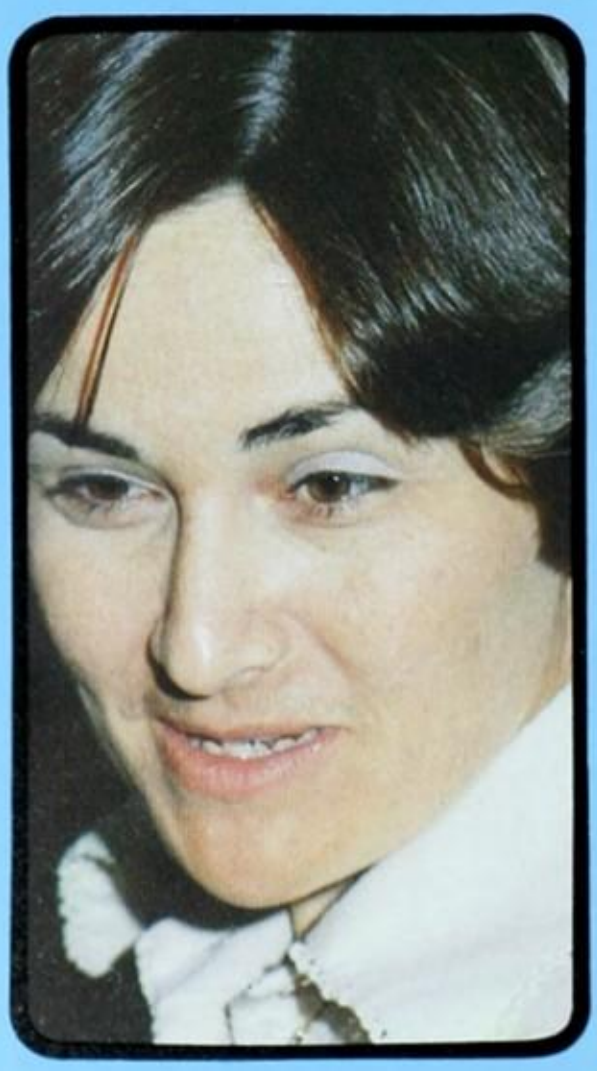
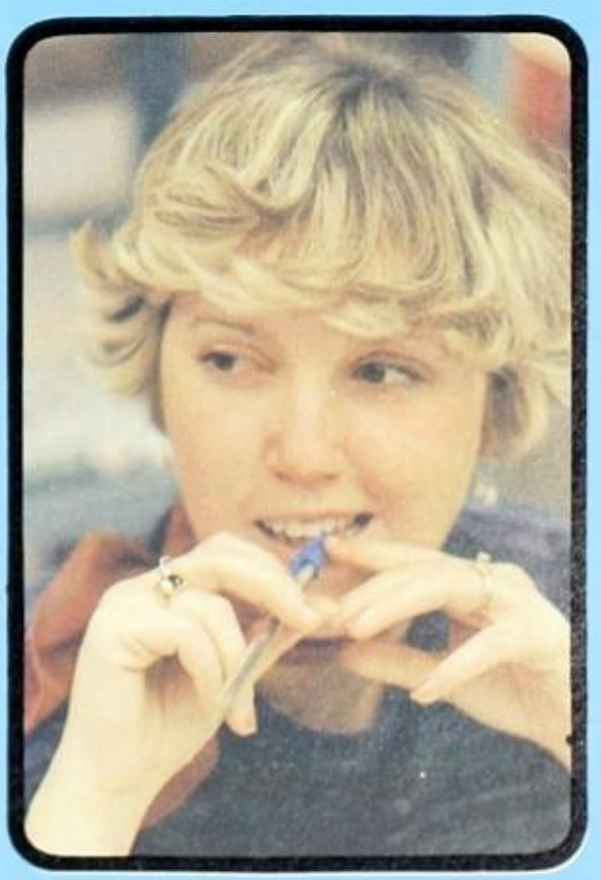
DONT WORRY-

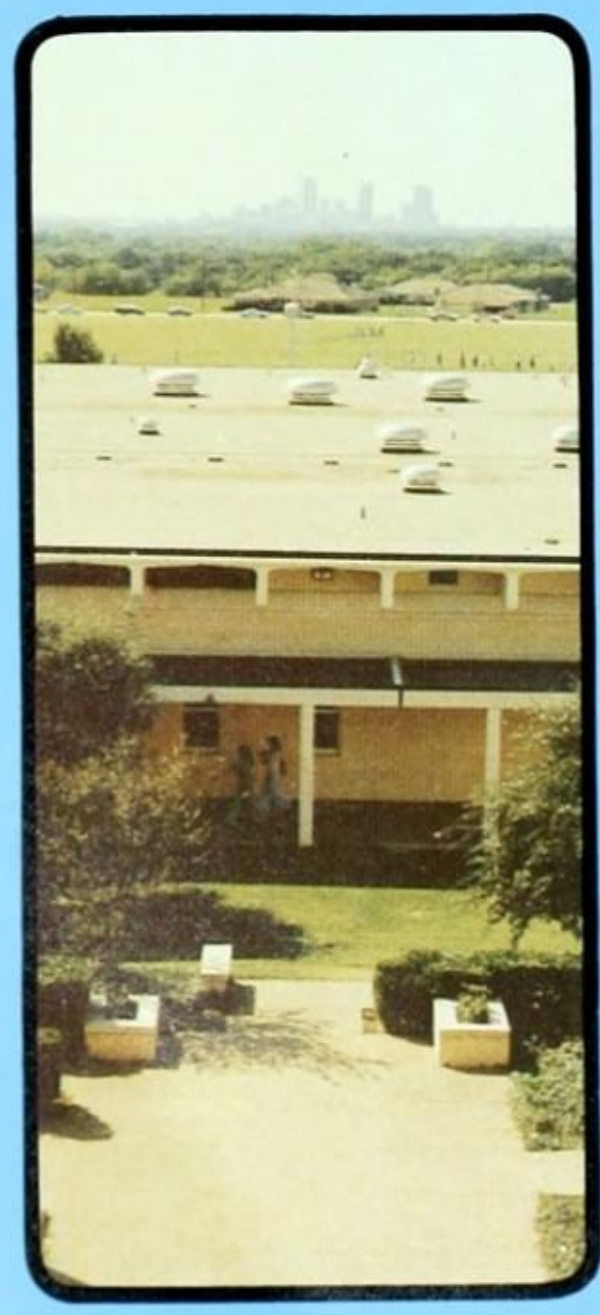
Our teachers and administrators give us guidance and knowledge. They help pattern our journeys and choose which roads we take.

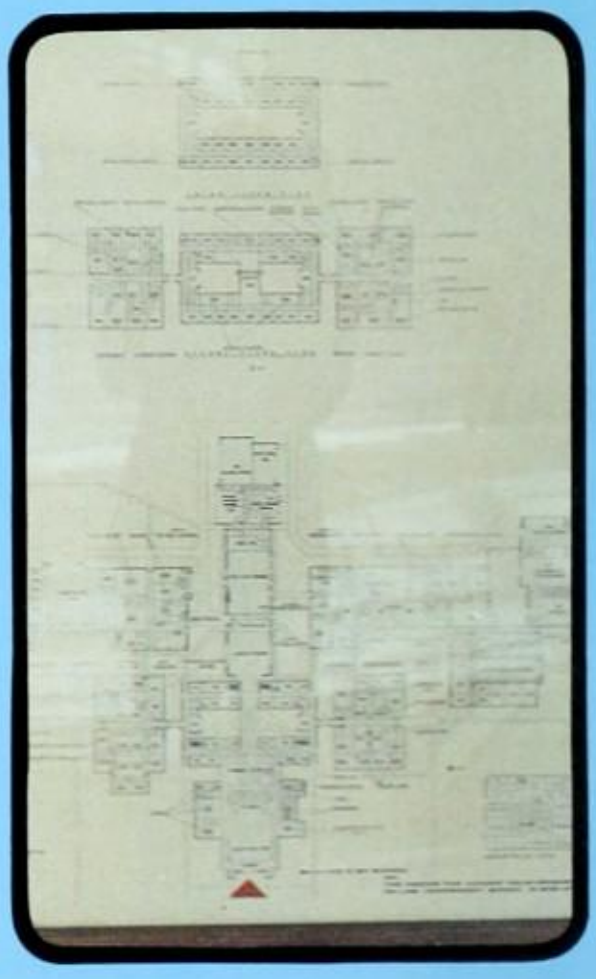




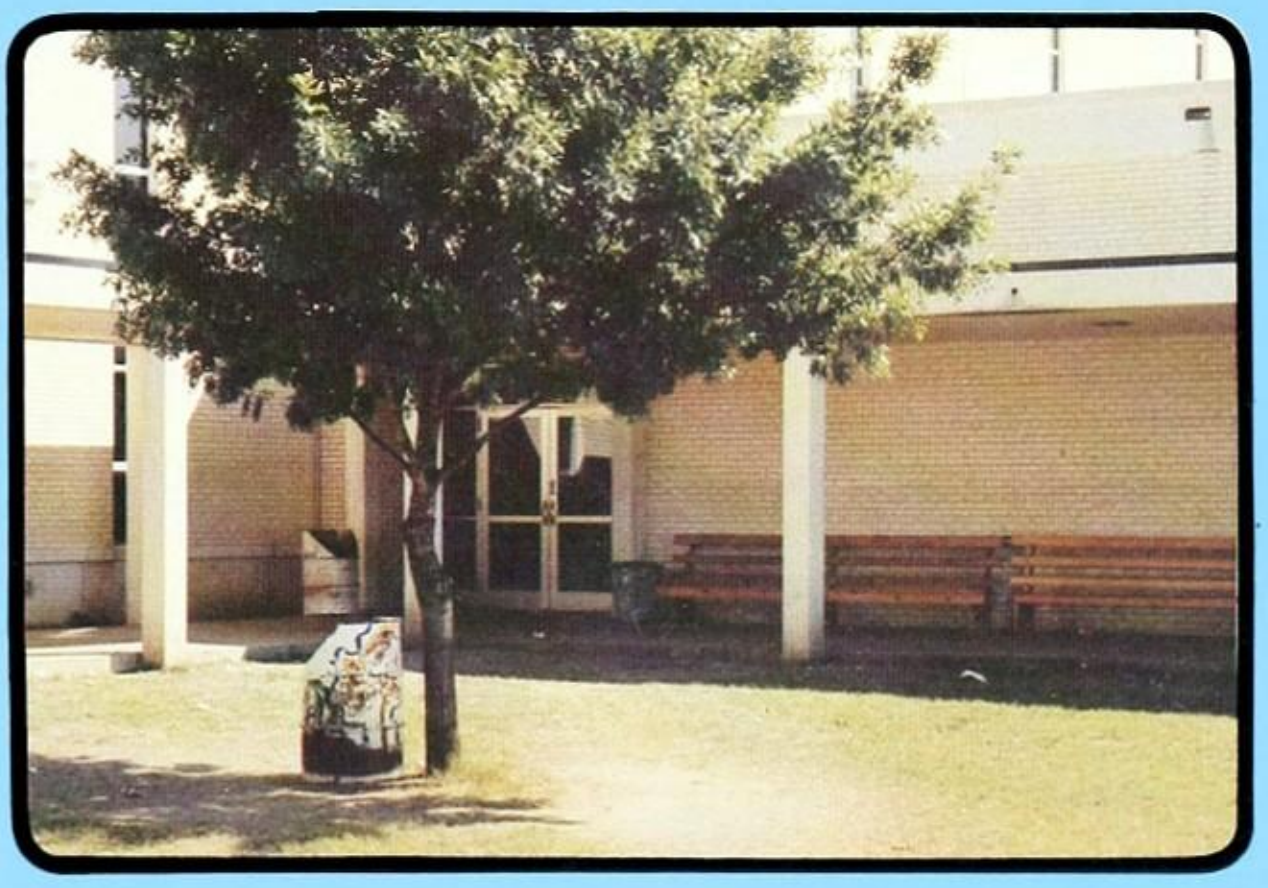
To Cheer You

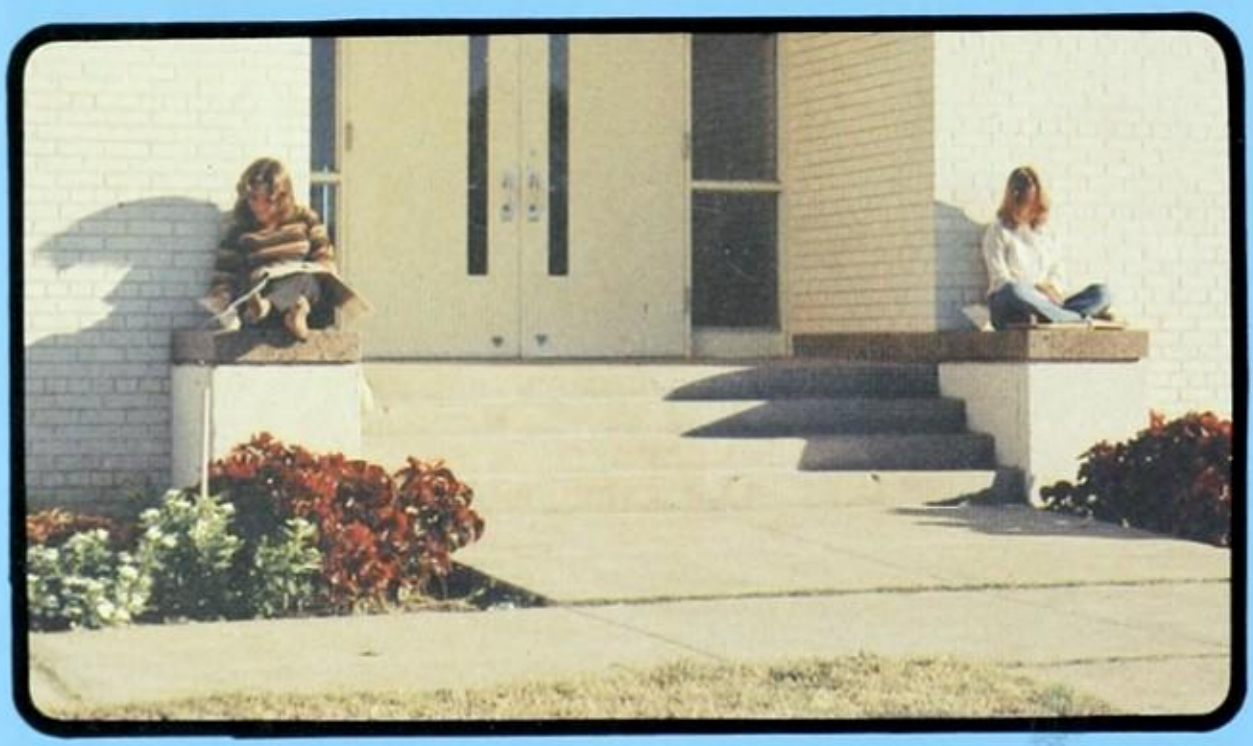






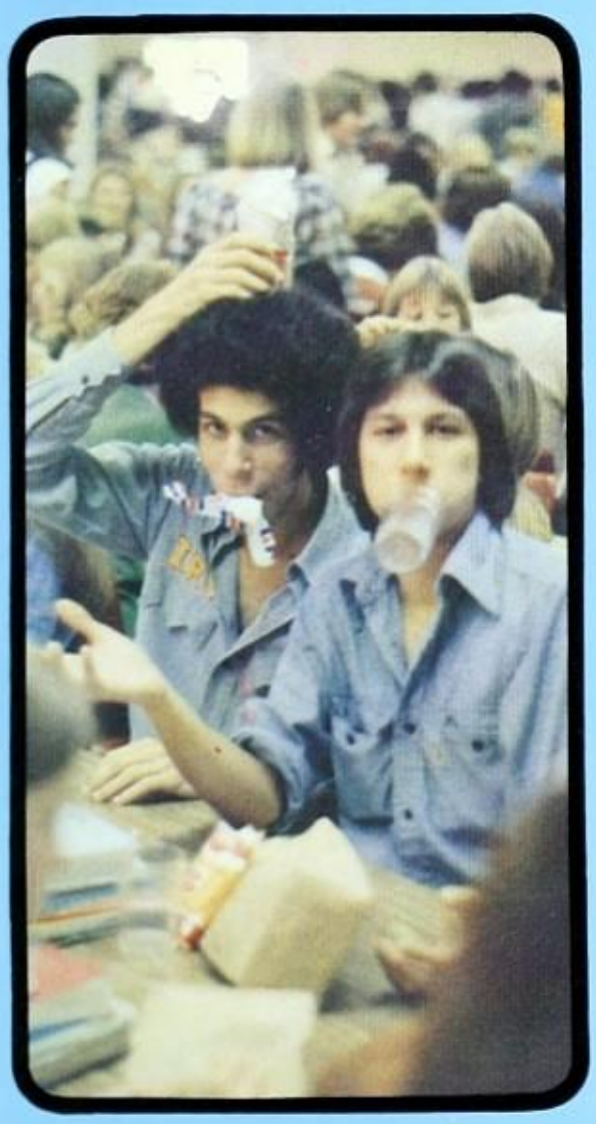
Skyline's unique campus gives each student a special sense of pride, making our journey here a little more enjoyable.

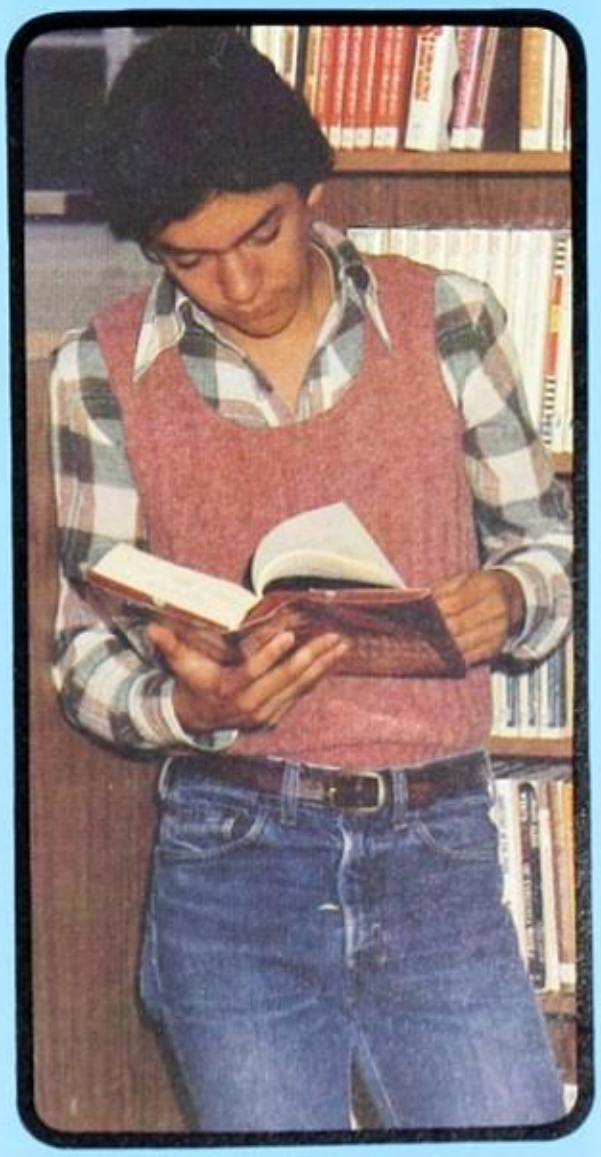




TELEPHONE

Our journey is filled with times of solitude, times of gaiety, times of study, and times of pleasure.





Our journey is complete with all
its directions when the pride and spirit
of Skyline are added.

". . . do you know where you're going to?
Do you like the things in life that show anew?
Where are you going to?
Do you know?"

"for I know when our journey ends we'll be the best of friends."

— from "A Matter of time"

As we walk through our journey at Skyline we do crazy things, happy things, sad things, things expected of us, and things not expected of us. These and other things tie us together to push us down the road, to a fork, a bend, an intersection, maybe even the end.

We will not know our destination until we get there, but when we do, we will be able to reflect on our days at Skyline and see how important they were to reaching it.

The hub of a school is the upperclassmen. Warm, laughing, excited people fill their last year with memories, antics, and last chance efforts to grasp Skyline to their hearts.

Just as early morning meetings become a part of our schedules, pep assemblies, senior courses, and parties help round out our lives. We all share our ups and downs in a personal kind of brotherhood.

Time . . .

The most important part of our school life revolves around our peers. Many of our hours are spent in the student center, catching up on the latest gossip; and when bells ring, we resort to a secretive passing of notes and stolen whispers. These moments of closeness are the basis of lifelong friendships.

Wherever we go in life, our memories of friends and love go with us. Take thy friend unto thy heart for in him lies the future.

Thanks to the vision of a great man and the support of many others, Dan Peavy could now begin his musical.

The cast was headed by Janet Sims and Brad Campbell, supported by some very fine chorus members.

PROJECT PEOPLE

This is getting to be a drag.

Chairman of the Pr... ple lad...

Hi big boy!

Project People, a service organization, was brought to Skyline in hopes that it would help unify the student body and organizations. First the Haunted House for the March of Dimes and then the Bonham Stocking Project brought everyone together to work for a worthwhile reason. Somehow out of hard work and a lot of fun and games, some beautiful things were made to happen — by Skyline.

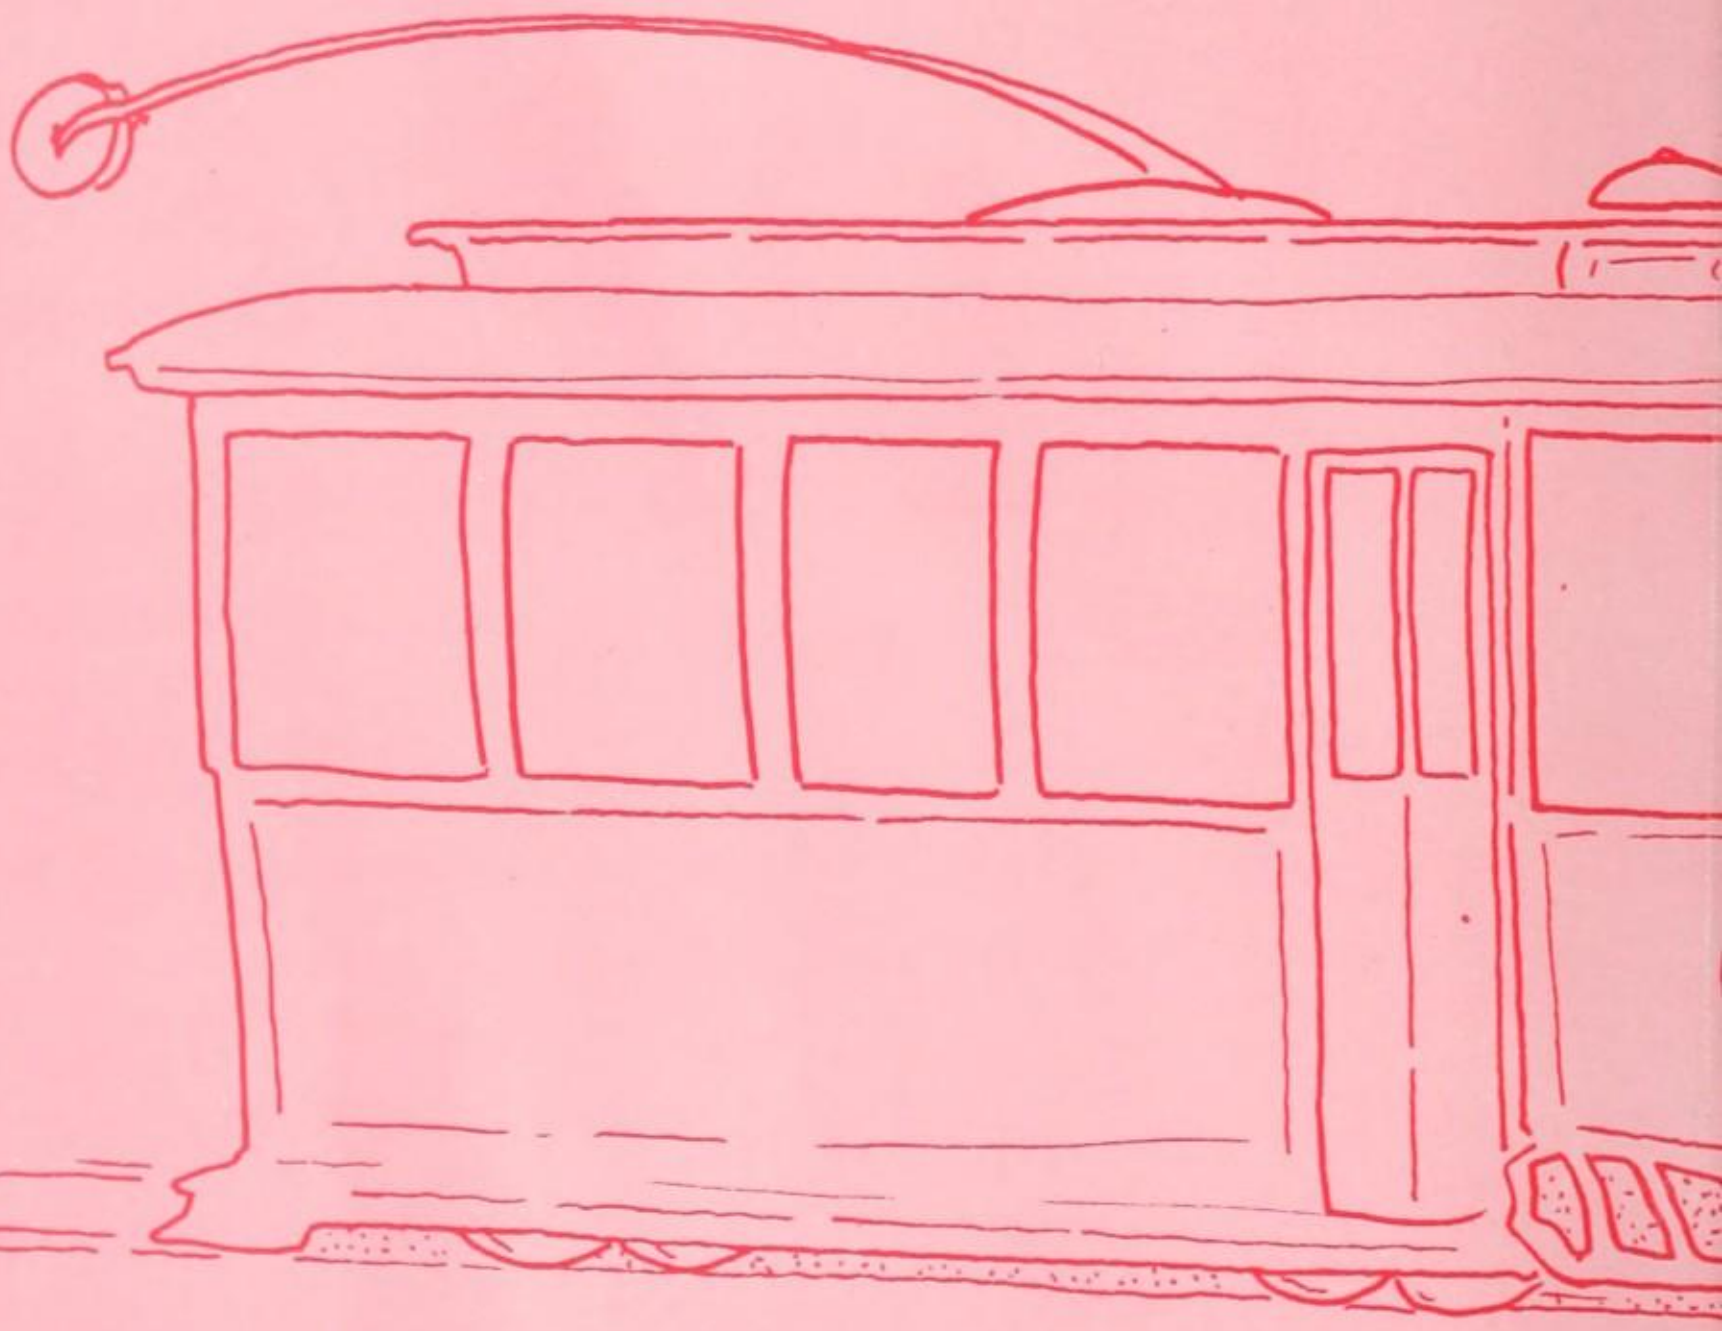
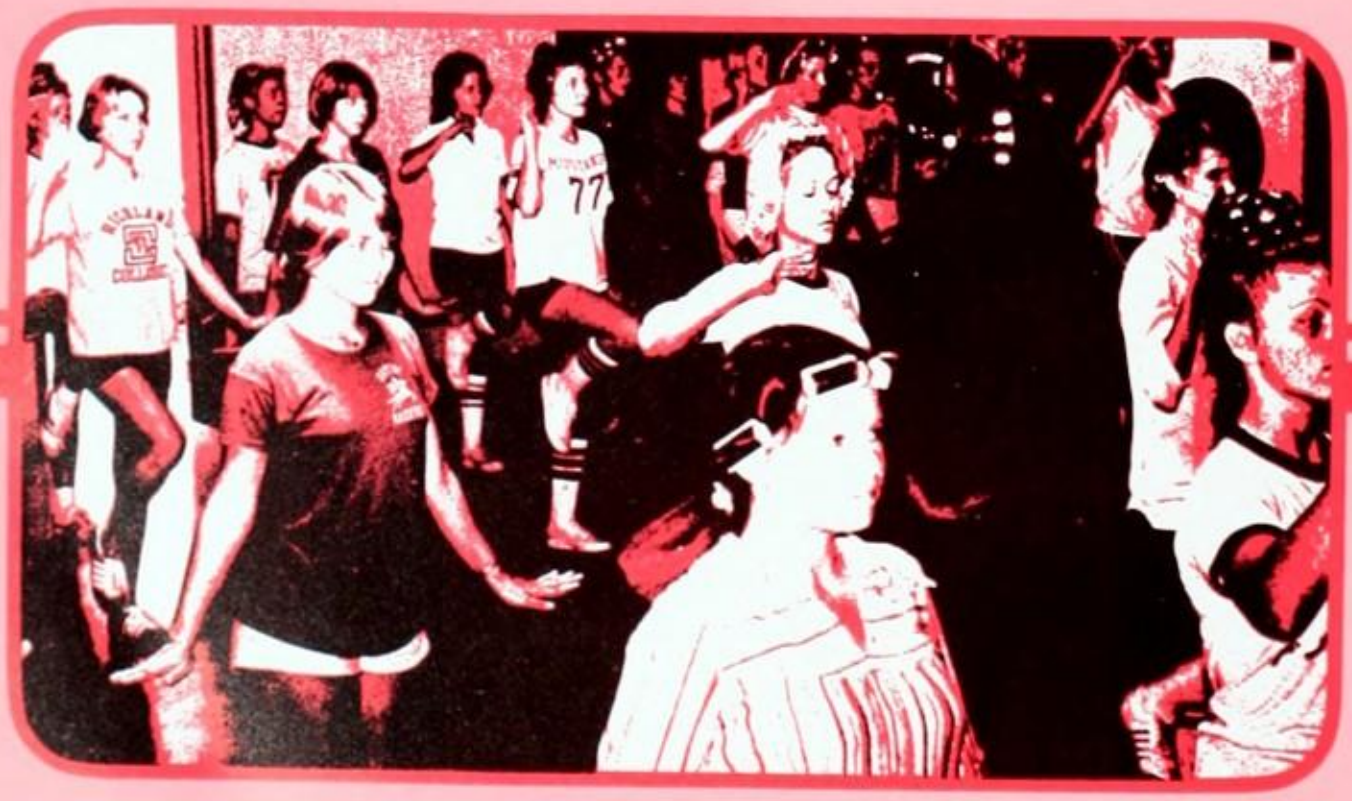
Sandy,
If you want to get
there early, go down this
road here a few miles and turn left. It's about 2
feet and you'll see a path
there but you'll be tired. I don't
know if we'll be there.
Robert Dyess

It is time to move on; time to travel farther down the road. There will be more curves, more hills, more long, grassy stretches. We will meet all kinds of people and have all kinds of experiences. It will be a long journey, but it will be the ultimate journey — life.





A journey can be thought of as an escape, both physically and mentally. One can very easily escape into a totally different atmosphere through one of the many organizations offered at Skyline. Each organization is unique in its own way. No two are alike, thus allowing one to participate in as many organizations as one pleases, experiencing several different journeys.

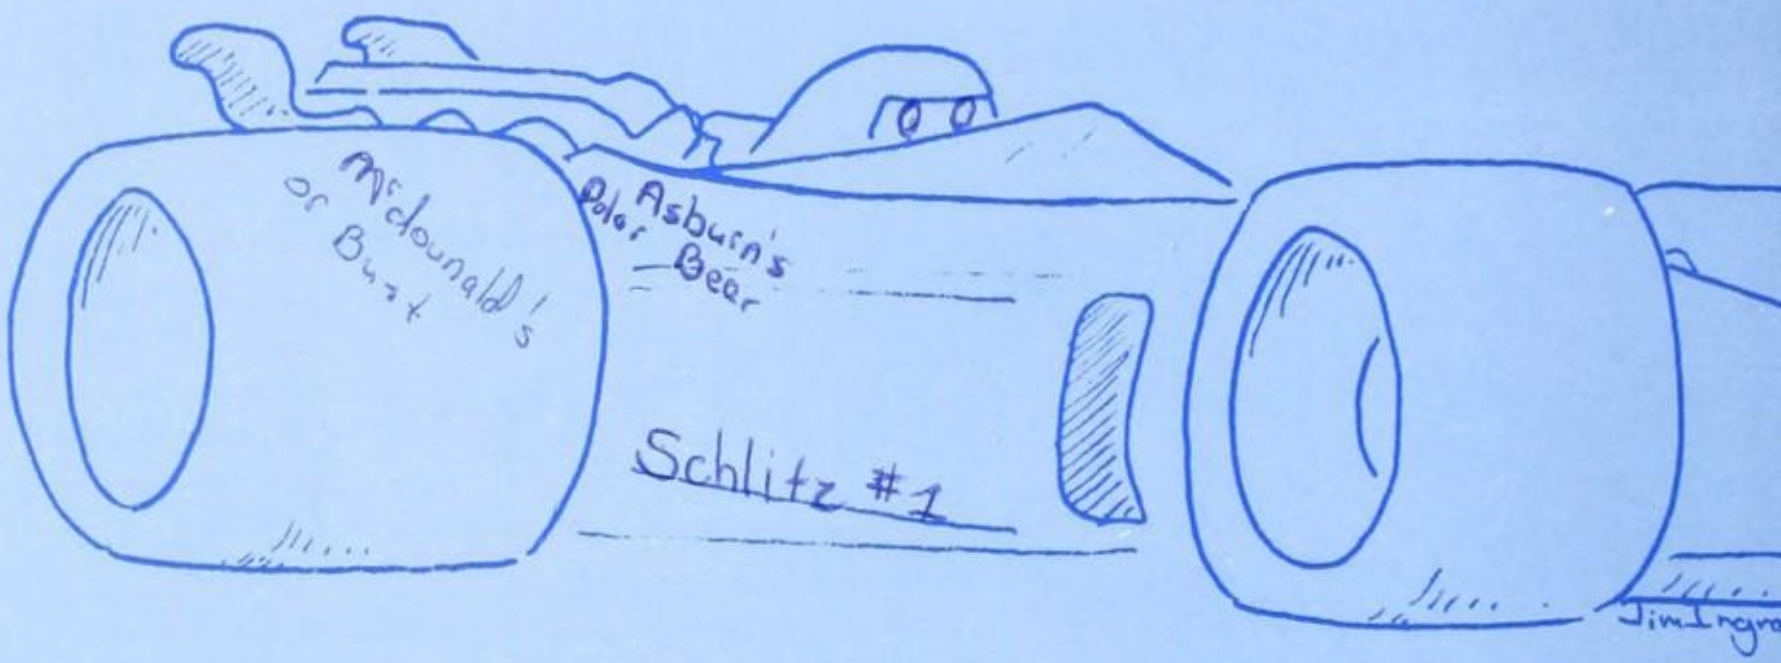
Woods and Waters Club

'76 — '77

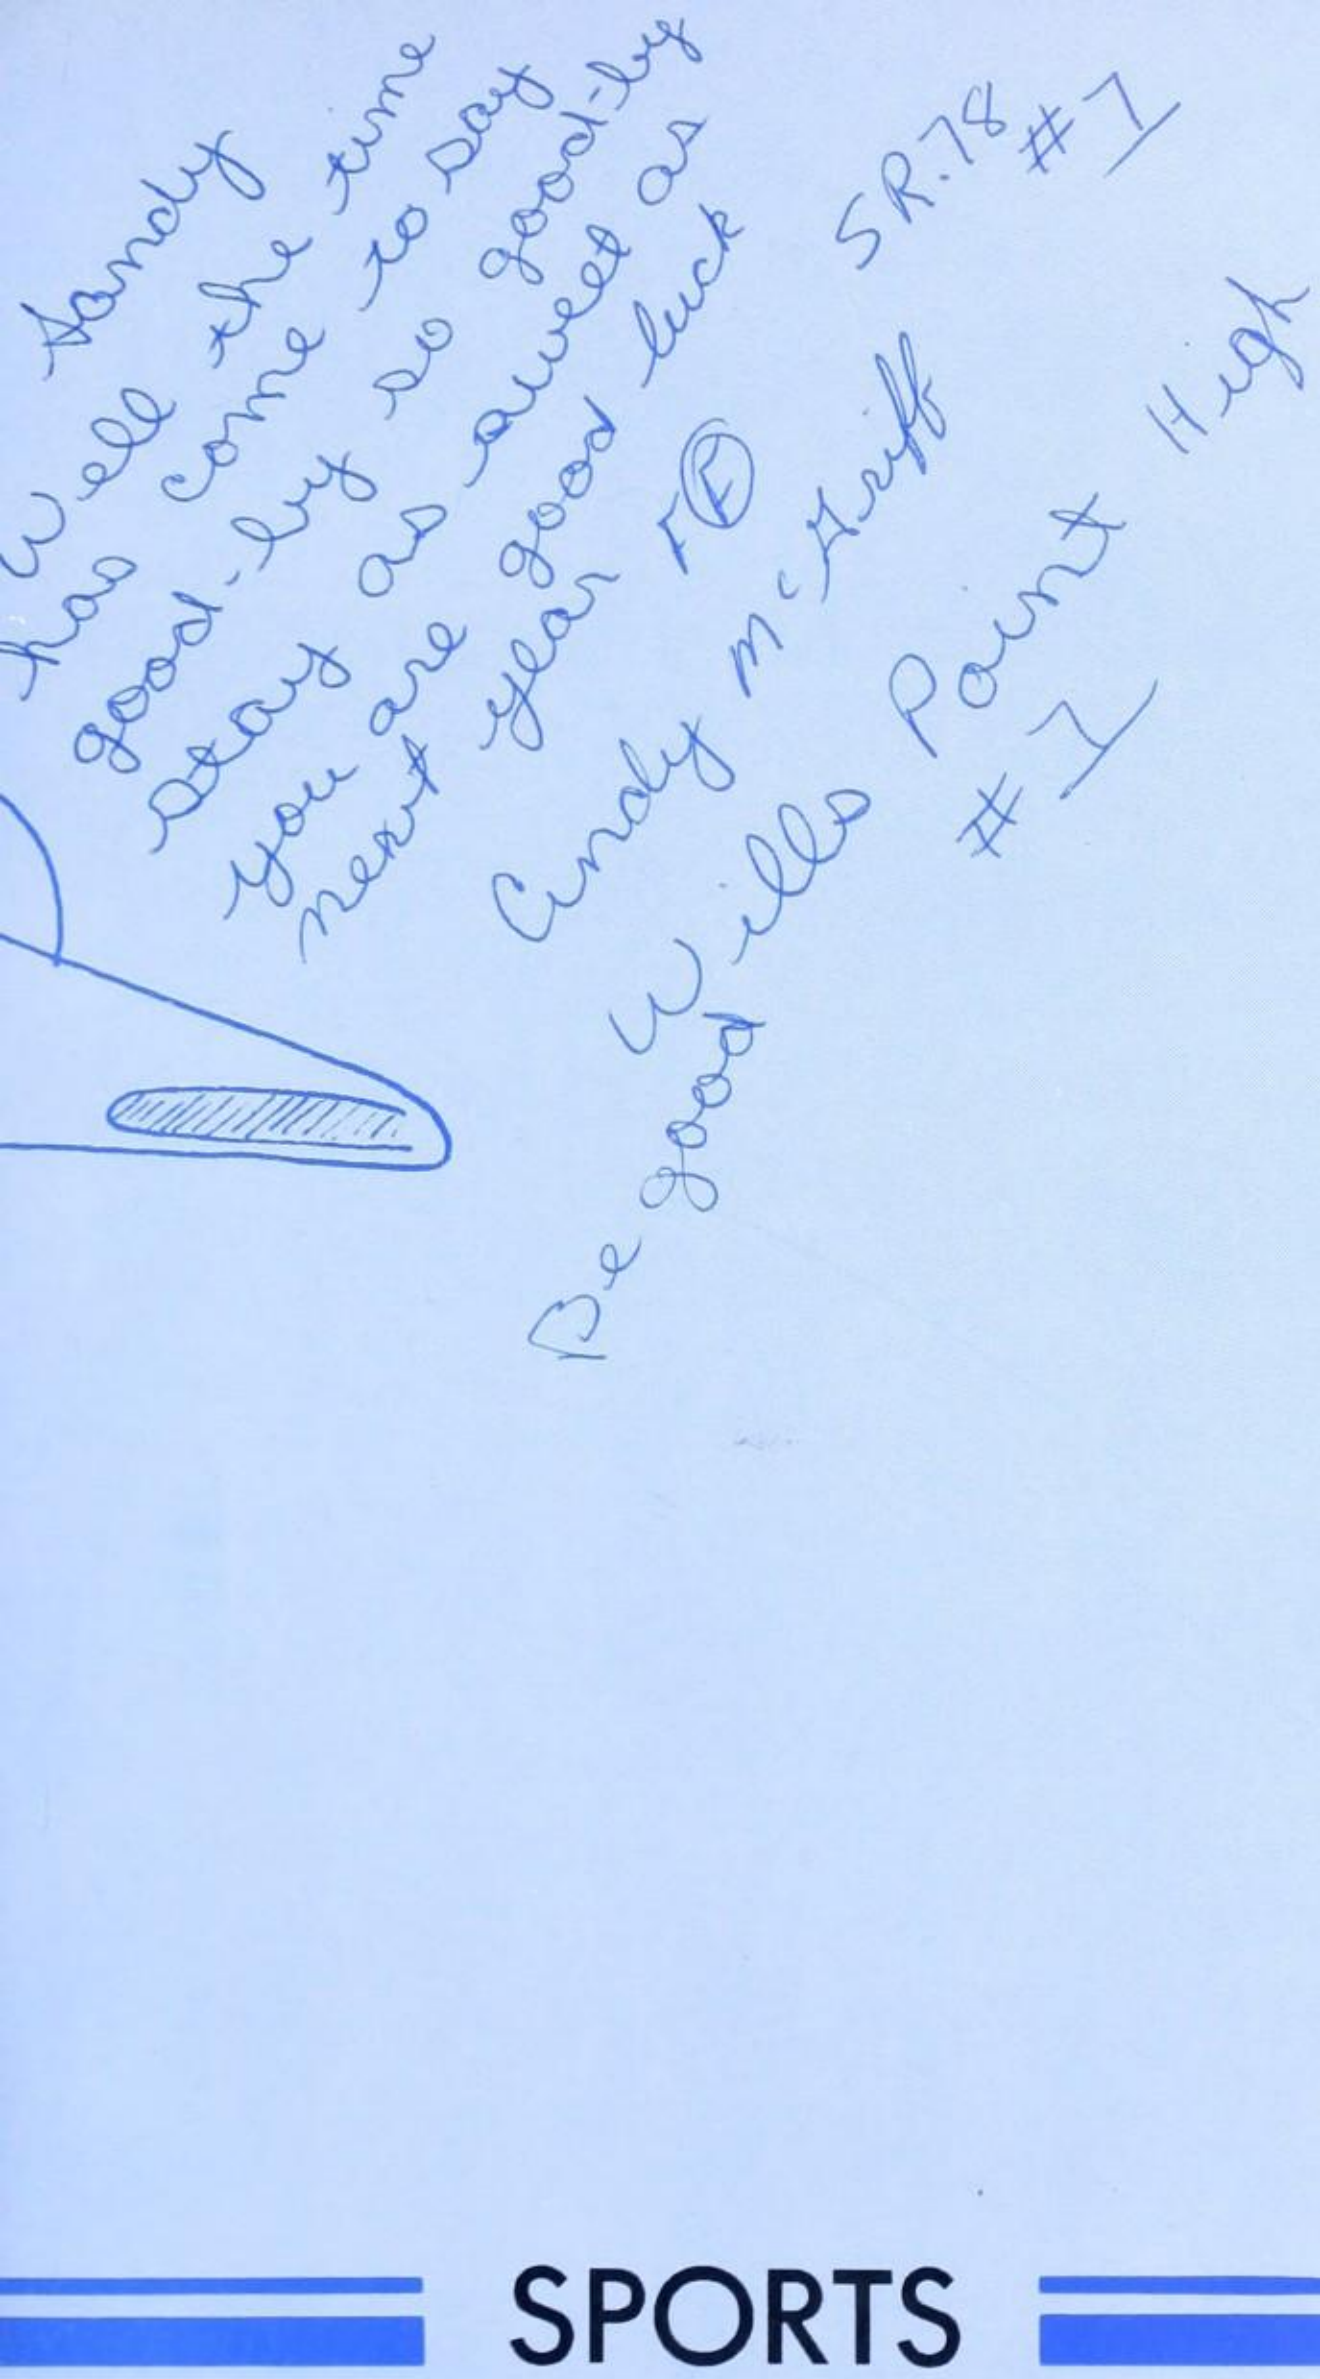
Clockwise starting at left: German Club dancers perform at Wurstfest; Locker decorated by Spirit Club; Poster requesting help for Haunted House; Los Amigos sold cupcakes for Halloween; Student Senate sold bumper stickers and worked at the information desk; Rodeo Club Queen, Jamice Hill; Students working in the March of Dimes Haunted House; a creepy couple; College Night; Students sew stockings to give patients at Bonham Veterans Hospital.

Club Activities

Clockwise from left: Choraliers perform at jazz concert; Camarata performs at Christmas assembly; ROTC ball Queen and court; Janet Sims trying out for 'Mame'; Cheerleaders pep up at assembly; Skyline's gift to Nolan Estes; Annual poster urged students to buy annuals; Christmas door decorations; Senate prepares for Homecoming; ROTC carried Old Glory.



This is Sandi's car. So no one better write on it.



Whether on a drive down the field or on a trip across the pool, Skyline's athletes are on a continuous journey toward victory and success. Losing helped them see their faults while winning gave them confidence. Both set them on the road to realization of their personal goals and started them on the path to perfection.

CDC provides the time and opportunity to explore different directions before we get too far down one pathway to turn back. Each branch, turn, and detour cautions us before we take that final step. Teachers and staff members direct us in paving the road to our future.

As we journey through these halls, there are some people who gain special recognition from those around them. They are the "classics," the ones whose smiles, voices, and achievements will be remembered and treasured for years to come. Let us slow down our journey to give tribute to these travelers, the Personalities '77.

PERSONALITIES

WHO'S WHO

Each year, a small number of seniors are chosen by the Skyline faculty and staff as most outstanding. This year 67 students were nominated for this honor and after hours of deliberation, 22 were selected to be Who's Who.

While these students may shine brightly in one particular area, all are superior students in all areas in which they have endeavored. All have shown responsibility, maturity and leadership qualities.

Because it is such an honor to be nominated for Who's Who, the 1977 Origin staff has decided to announce those who were nominated.

IN MEMORIAM

In Memory of Troy Anderson

Death does bring changes and adjustments for those who are left behind. The warmth and associations of former days are gone. The silence, the finality, the incommunicability disturb, but for the one who has triumphed there is rejoicing. Sorrow is centered more on self than on the deceased. We grieve, yet we would not want our grief taken from us, even if it could be, for our love is wrapped up with our grief. Grief is the price we pay for love. "Love is eternal, Death is a horizon, and the horizon is only the limit of our sight." It has been said, "Death is not extinguishing the light, but putting out the lamp because the dawn has come."

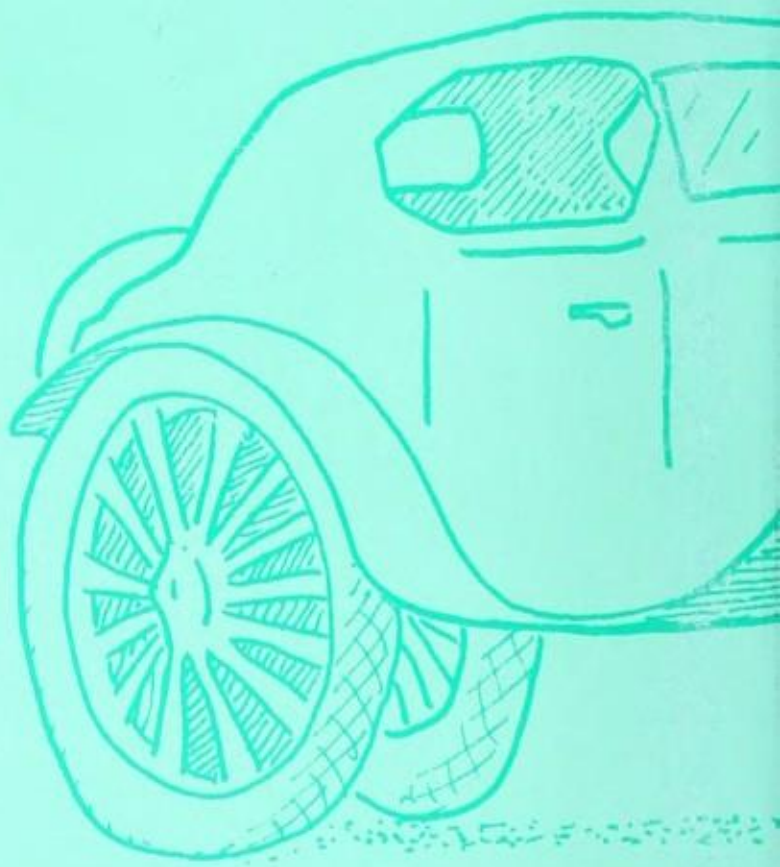
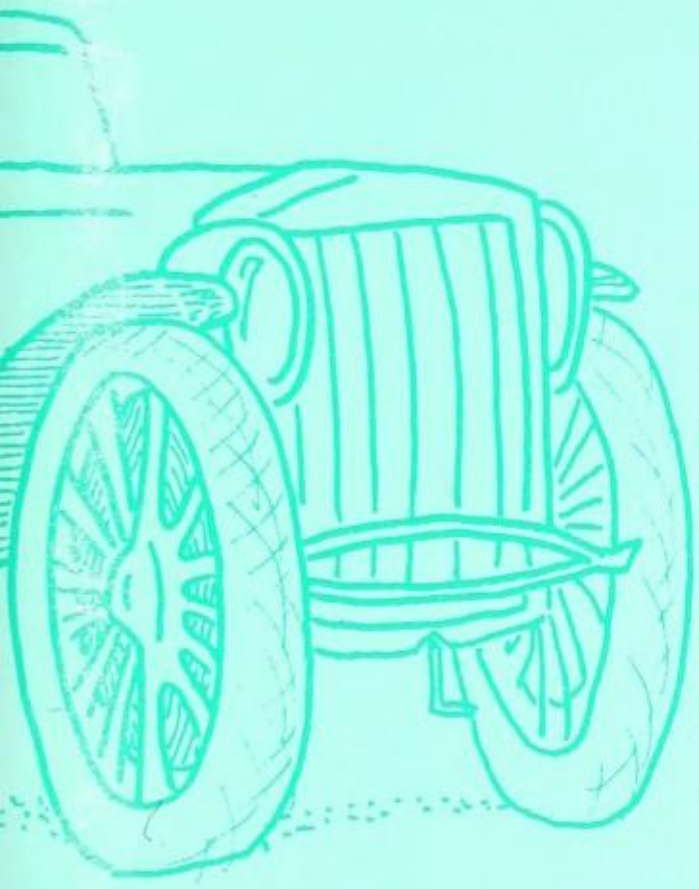
Sandy,

I'm glad we had a class together this year. I remember Junior Choir at Urban Park with you. It was nice to get to know your older self.

Tara Orpewell

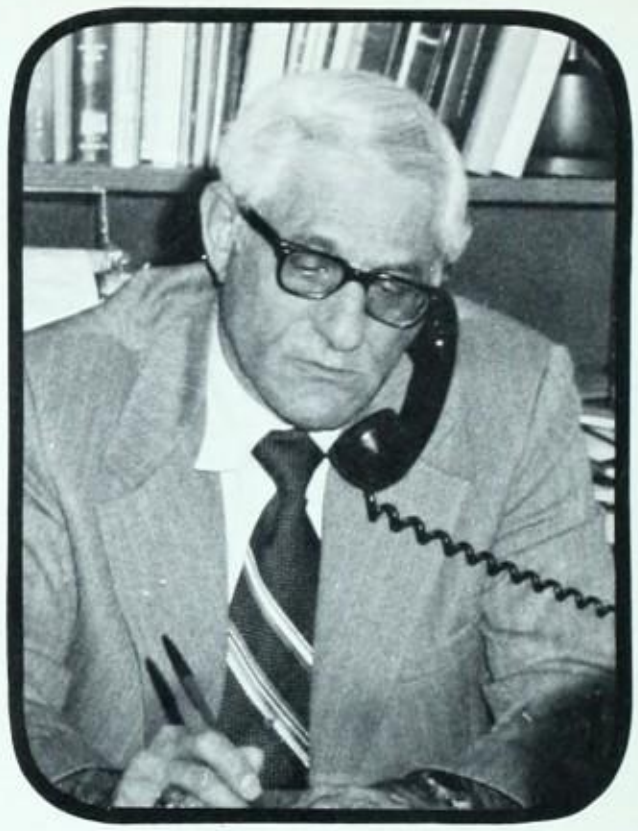




As we take our journeys through life, we meet those along the way that keep us pointed in the right direction. Our teachers are some of the first such ones we meet. They help us find our way out when we're lost and get us back on the right road. We thank them for this, and will try to follow the examples they set for us so when others come to us for direction, we can help them reach their destinations.

FACULTY

Principal
Frank Guzick



The student body at Skyline is to be commended for the responsible and mature manner in which they have contributed to the total life of Skyline this year. The effort and attitudes expressed have done much to translate our motto of Pride and Unity from a mere expression to a meaningful reality. Our sincere wishes go with each student to do the best in each student's chosen field. Whatever it may be, we hope it is to build a better community, a stronger America, and to help someone along the way.

The experiences you have obtained in the classroom must be maintained as only part of your education. We all must possess skills that are social as well as personal. Select a goal and work toward it with earnestness.

May your hopes and dreams be realized, and in the years to come, may your name reflect credit upon yourself, your family, and recognition upon Skyline.

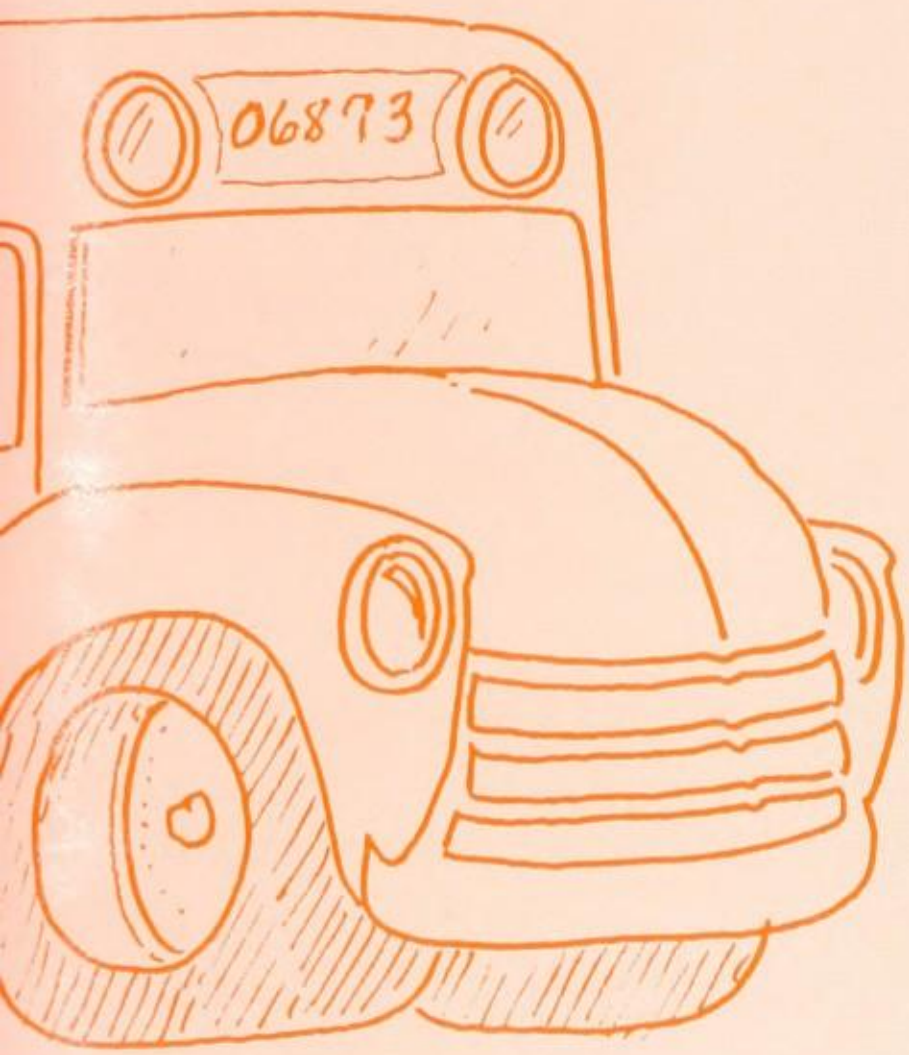
year. Wright



As individuals, we take many journeys in our life. During our years at Skyline, we are able to take some of these journeys with others who are heading the same way. Now we are all taking the same journey — from freshman to senior. The friends we make and the things we learn while at Skyline will help to guide us in the journeys we make in the future.

CLASSES

Freshmen

Freshman Class Secretary, Lisa Hogue; President, Shelley Miller; and Vice-President, Kim Couty.

As the newest part of the Skyline classes, the Freshmen are just beginning their journey. Stopping along the way just to explore the scenery is a part of being a freshman. They came eager to learn; they leave prepared to start again on their journey.

Juniors

Junior Class Secretary, Tami Brackens; President, Gene Landry; and Vice-President, Craig Fryar.

The Junior year is one of anticipation. Once having been the class caught in the middle, they are now considered almost through with their journey. The hard part is over, now they can enjoy Skyline and what it has to offer.

Seniors

Senior Class Vice-President, Frank Lopez; Secretary, Debra Thomas; and President, Mark Wisdom.

Seniors have reached the end of their journey at Skyline, and now they are ready to begin a new journey. They have many roads to choose from, each leading in a bright, new direction. Hopefully the years spent at Skyline will help each individual choose the right path and lead each to a happy and successful future.

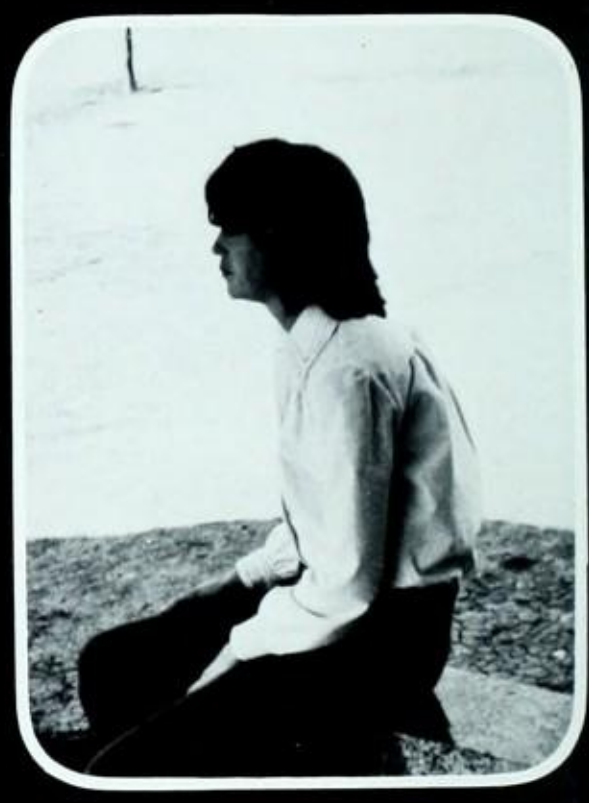
Aspiration shows us the goal and the
distance to it; inspiration encourages
with a view to how far we have come.
Aspiration gives us the map of the journey;
inspiration furnishes the music to keep us
marching.
— Ralph W. Sockman

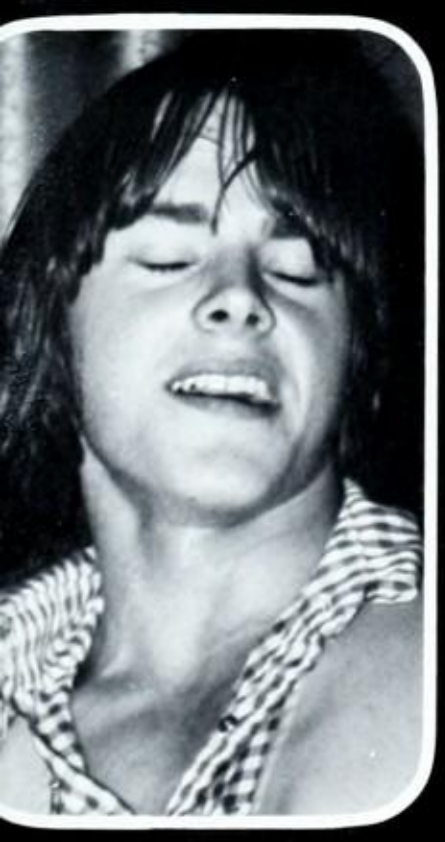
A pleasant companion reduces the length of a journey.
— Pubblius Syrus

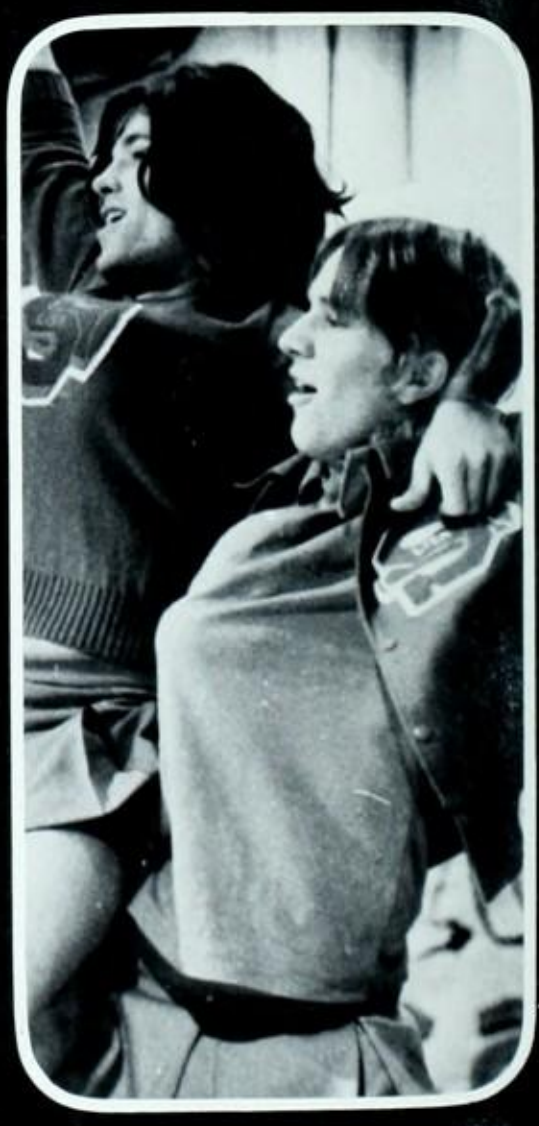


One of the pleasantest things in the world is going on a journey; but I like to go by myself.

— William Hazlitt

Will the journey take the whole long day?
— Christina Rossetti



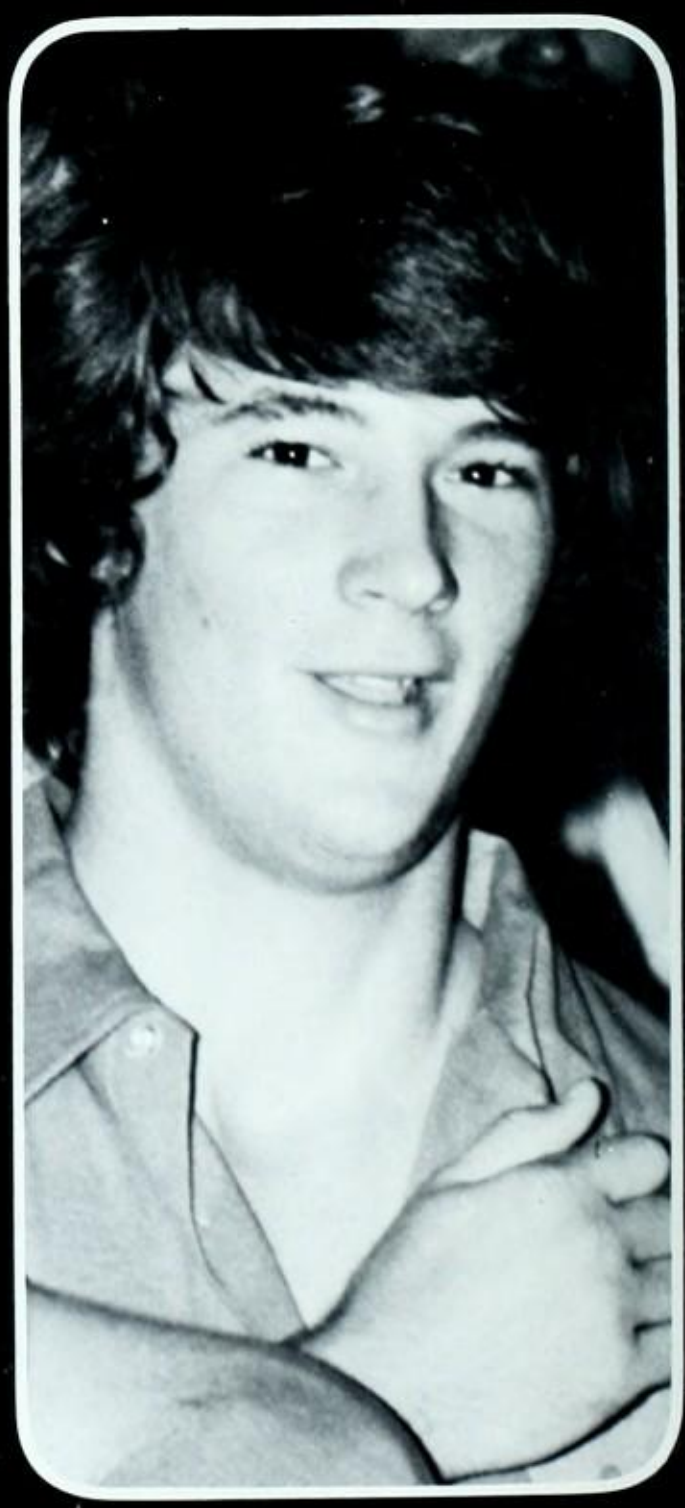


Come, journey the way with me.
— Madison Gawein

The longest journey is the journey inwards.

— Dag Hammarskjöld

A little more tired at close of day,
A little less anxious to have our way;
A little less ready to scold and blame,
A little more care of a brother's name;
And so we are reaching our journey's end,
Where time and eternity meet and blend.
— Rollen John Wells



Well, this is the end of a perfect day;
near the end of a journey, too.
— Carrie Jacobs Bond

3rd year science cluster students

In our three years as victims of the Science Cluster regime, we have suffered through many bizarre instructors: Those who ignored bells and babbled well into the next period, those who mumbled under their breath about chemistry fairies and raisin buns, those who had us calculate the downward velocity of free-falling high-flung dung, and the infallible $PV = nRT$.

When conditions became almost unbearable, we diverted ourselves with games of rabbit's blood, rumen fluid, pecan oil slicks, and bird and rat menageries. Through these diversions we managed to keep our sanity (or small fragments thereof).

But time flies when you're having fun. It was all over too soon.

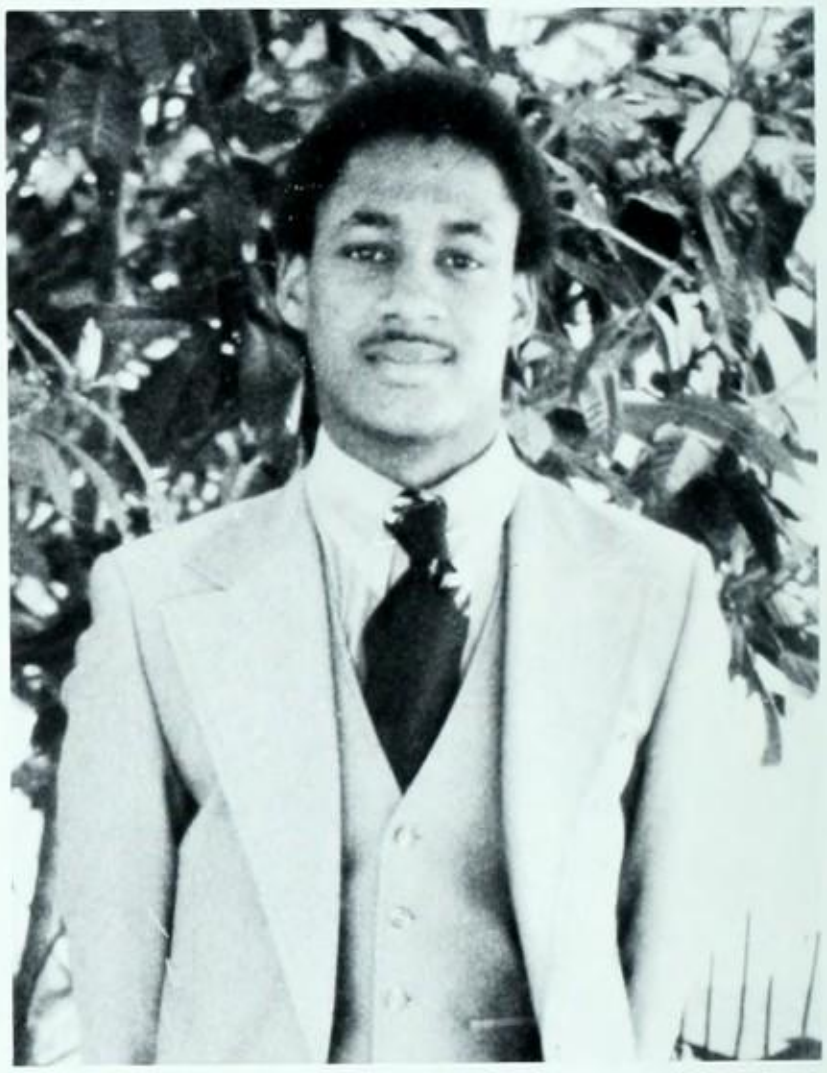
Kent Shaw — Capricorn-I



Dedicated to our son, Kent. Wishing him a successful future. From his parents, Mr. and Mrs. Oliver Lewis Shaw.

If you can keep your head when all about you
  Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
  But make allowance for their doubting too;
If you can wait and not be tired by waiting,
  Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
  And yet don't look too good, nor talk too wise;

If you can dream — and not make dreams your master;
  If you can think — and not make thoughts your aim;
If you can meet with Triumph and Disaster
  And treat those two imposters just the same;
If you can bear to hear the truth you've spoken
  Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
  And stoop and build 'em up with worn-out tools;

If you can make one heap of all your winnings
  And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
  And never breathe a word about your loss;
If you can force your heart and nerve and sinew
  To serve your turn long after they are gone,
And so hold on when there is nothing in you
  Except the Will which says to them; "Hold on!"

If you can talk with crowds and keep your virtue,
  Or walk with Kings — nor lose the common touch,
If neither foes nor loving friends can hurt you,
  If all men count with you, but none too much;
If you can fill the unforgiving minute
  With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And — which is more — you'll be a Man, my son!

— Rudyard Kipling

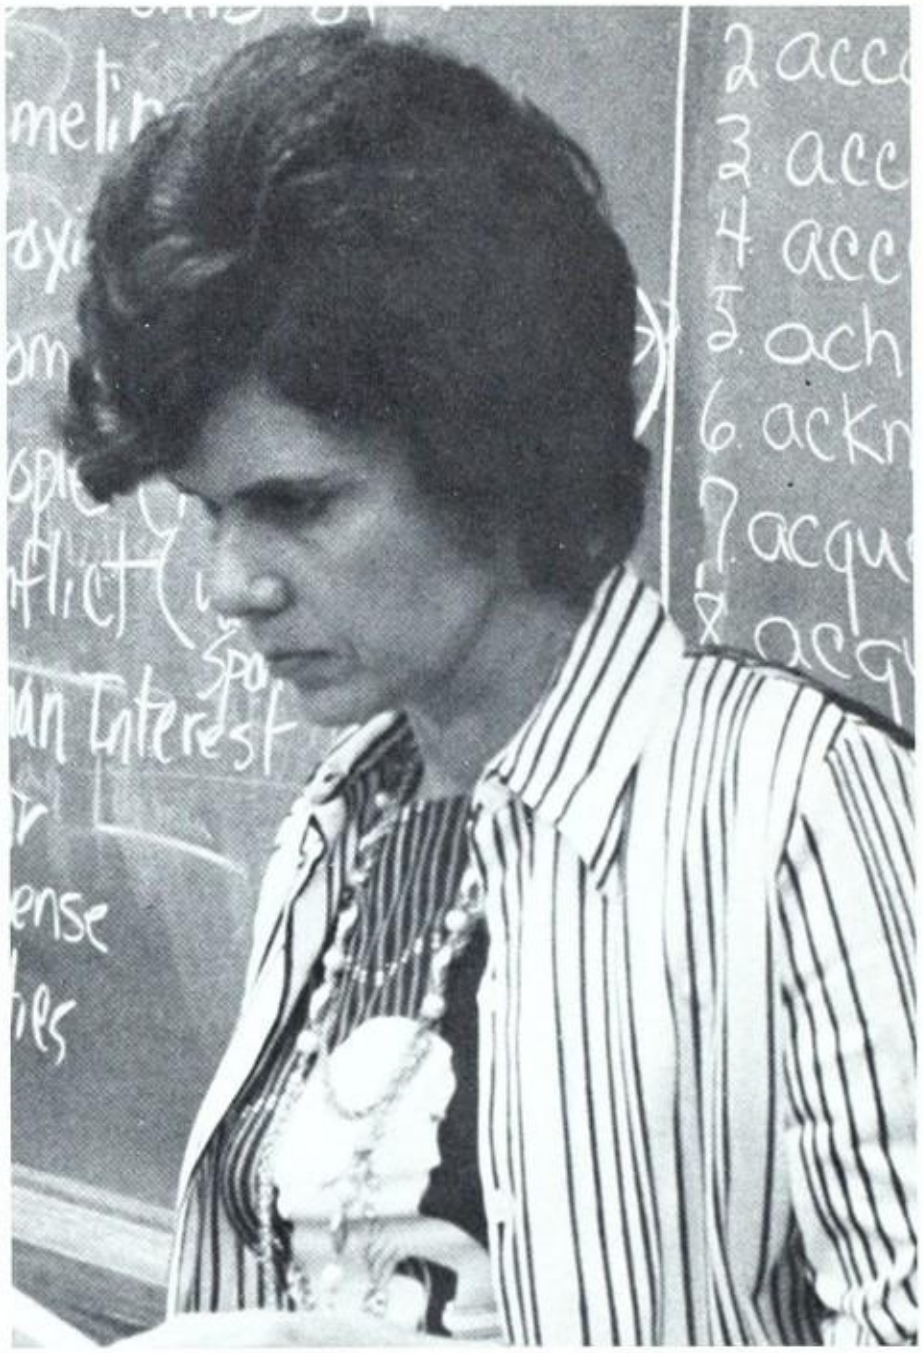
We the 1977 Origin Staff would like to sincerely thank our sponsor — MRS. JUDY BABB — who sacrificed her time, worked many extra hours, and made us do the same.



The Origin Staff wishes to express much gratitude to MRS. JUDY HARRIS — who typed extra quad packs, indexed thousands of names, and kept us on the right track.

". . . do you know where you're going to?
Do you like the things in life that show anew?
Where are you going to?
Do you know?"

The odyssey of a life is filled with numerous journeys — some lasting longer than others. Each journey has its own starting point. The 1976-77 Origin Staff began preparing for their trip one week before school started at the SMU summer workshop. They discussed themes, how to crop pictures, and how to draw quad packs. Then they packed their bags, loaded the cameras, and took off for their eight month trip. The early stages of their adventure began with the opening of school. Each section editor tried to keep an updated journal of the sights he passed along the way. Tour guides Judy Babb and Alan Jones drew a map of events and did their best to keep each tourist occupied and on schedule. Along with these two, there were many chaperones who played a great part in making this journey a success . . .
